2018 Theme : Young Neurosurgeons in Training and Leadership

The Society of Neurosurgeons of South Africa (SNSA) especially encourages the participation of all young neurosurgeons in South Africa and beyond, an ideology which has inspired the theme for the 2018 congress.

The SNSA is excited to announce our collaboration with the Japanese Neurosurgery Society. Ten of their highly regarded speakers will be teaching at the pre-meeting course of the World Federation of Neurosurgical Societies and will present their work at the main meeting. They have been personally selected by the Japanese Neurosurgery Society and are key leaders in cerebrovascular, spine, paediatrics, and neuro-oncology.
